About Me:

Highly motivated, self-taught developer seeking to launch a career building applications and services. Familiar with the development and deployment process. who is looking forward to gaining meaningful employment with a company that will allow personal and professional growth without limiting the opportunity for further enlightenment and enhanced education. I recently completed a couple of projects to get experience with learned technologies. I have good teamwork and problem-solving abilities, making me a good fit for the software development sector. I'm looking for new challenges and opportunities to grow in a company environment.

Experience:

April 2021 – September 2022
